APPROVAL
OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of unnamed springs as heretofore granted under Permit 31036 is issued subject to the terms and conditions imposed in said Permit 31036 and with the understanding that no other rights on the source will be affected by the change proposed herein. A measuring device must be installed and measurements of water use kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total combined duty of water under Permits 62628 and 62629 shall not exceed 27.45 million gallons annually.

Monthly records shall be kept of the flow of the springs measured at the point of diversion and the amount of water placed to beneficial use. These records must be submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

Any water provided to the water bottling plant would be the first service curtailed or reduced if necessary to provide water delivery to the permittees other customers as specified in the permittees April 18, 1997 water budget.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.25 cubic feet per second, but not to exceed 18.25 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

May 16, 1998

Proof of completion of work shall be filed before:

June 16, 1998

Application of water to beneficial use shall be filed on or before:

May 16, 1999

Proof of the application of water to beneficial use shall be filed on or before:

June 16, 1999

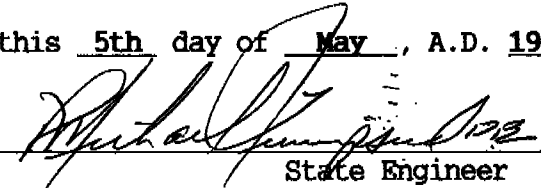

Map in support of proof of beneficial use shall be filed on or before:
